

Greetings from the

AlfaSeeYas!

We are a chapter of the Family Motor Coach Association (FMCA) and have nearly 500 members spread all over the United States. Our purpose is to promote fellowship and the sharing of information among owners of Alfa Motor Coaches. We do this by organizing a variety of events, usually coordinated with FMCA Rallies and Conventions. Our typical function would be an AlfaSeeYas gathering prior to, during, and/or after an FMCA rally or convention. At these gatherings we share information about our coaches and travels, frequently have “coach walks” which are like open houses where we share coach decorating and customization tips; have social hours, pot luck and catered dinners, play games and join in field trips to local venues. Perhaps most importantly, we make new friends and renew old friendships, all the while gathering new and helpful knowledge about our unique coaches!

Our members are kept up to date by several means. We publish a quarterly newsletter, *The SeeYa Connection*, containing a wealth of current information, updates on new members, news of previous rallies, and a calendar of upcoming events with registration information and forms. The newsletter is emailed to all members with Internet access, and USPS mailed to those without email.

We also have a website, www.alfaseeyas.com, that we invite you to visit frequently. Here too you will find a wealth of information including several past issues of the newsletter, chapter documents, a page of additional useful websites, and a “*Tips and Tricks*” section that is great for new owners of Alfa Motor Homes! There are also pictures on the site of some of our outings to give you a sense of our fun!

There are also pictures on the site of some of our outings to give you a sense of our fun!

Whether or not you are a new Alfa Motor Home owner, we suggest you take a look at some other websites that may be of assistance:

<http://groups.yahoo.com/> At this site do a search for and join the three discussion groups: *Alfaseeya*, and *SeeYaDP*, and *SeeYaTravels*.

Many of our members ask questions and share answers on these sites. You have several options for receiving the postings. For example, you can set it so that each day you get one email message from each site with a summary of all postings.

<http://fmca.com> This is the main site for the Family Motor Coach Association. At this site be sure to read about the benefits of the Medex membership that comes at no cost to you with your FMCA membership. You can also download and print Medex cards from the FMCA website that have an invaluable telephone number in case you should ever need it. (Tip: Write your FMCA # on your card and make sure all family members have a copy of it with them. With your FMCA number and the Medex phone number, they can call for help for you if necessary.)

If you are not currently an AlfaSeeYas member, we invite you to join. There is a \$10 application fee, and then membership is only \$10 per year. You will find our membership application form on our website, www.alfaseeyas.com. Remember, you must be a member of the FMCA in order to join our chapter. You can do that online at their website!

We hope to See Ya down the road again!
