FALL ISSUE #39

## President's Message

~ By Randy Scott ~ [rscott@antelecom.net](mailto:rscott@antelecom.net)

Hello to everyone - and especially our newest members! I hope those of you that have been traveling this summer have had a lot of great experiences, and a minimum of "issues"! I imagine those of you who are snowbirds are settling into your winter abodes - and able to stay warmer too. We have been traveling, and seeing friends and members, as well as meeting new folks - always seems like it is fun to talk to people from other parts of our country, as well as share experiences and good places to stay and visit. Several of us met up at Buffalo, WY in June, and then we traveled to Gillette, WY to attend the FMCA Annual Family Gathering. While the weather was not terribly cooperative (at least during the one afternoon when we had tornado warnings, high winds, hail and thunderstorms with heavy rain which stranded a number of folks (including our own Chapter VP and Treasurer !!), we still were able to have fun and attend a number of events. We had a chapter pizza party one evening (at which the weather fortunately did cooperate). We had a total of 42 Alfa folks there - seeing old friends and meeting new ones! Thanks also to our Chapter National Director Mike Lynch representing our chapter at the Governing Board meeting - including the election of new FMCA National Officers.

After Gillette, Terry and I attended the Freightliner Chassis Owners Chapter rally in Sturgis, SD. If you are not a member of this FMCA chapter, I encourage you to join, as they also have a very informative newsletter and web site. This was the first of their rallies we've attended - it was very well done (I believe there were 75 RV's in attendance). They had a number of informative presentations, LOTS of food, and we went on their bus trips to Mount Rushmore and Crazy Horse (first time for both of us to see these fascinating monuments).

Terry and I continued northward and attended the Calgary Stampede in Canada with one of the caravan companies, and were able to be with several of our Alfa friends who had also signed up. Even though Calgary had experienced tremendous rains and flooding only 10 days before the start of their annual Stampede, they had done an unbelievable job of cleaning up. You could hardly tell that anything had happened only days prior! Terry and I also continued to travel east, seeing many sights and cities for the first time, as well as going to the two parks that had been planned for our Alfa SeeYas chapter rally in Gettysburg and Lancaster, PA. Both were very nice and great locations for a rally - Fran and John Kurz had chosen well - it's too bad we had to cancel the rally - hopefully we can have a successful one in the eastern US in the future. Since it was close by and the timing worked out well, Terry and I also attended the FMCA Eastern Area rally in York, PA. They had 400+ coaches in attendance, with a number of regional vendors and campgrounds represented, crafts activities and seminars. While we were able to see more of the leaves turning colors, York experienced two days in a row of record rains (4+ inches each day!), and we were wondering if we were going to experience in York what others experienced in Gillette - getting stuck in the grass where we were parked. Fortunately, the ground we were on was able to dry out enough that we didn't have any problems when the rally ended - Whew!!

Again, a hearty welcome to our newest members-I am frequently contacted by folks who are thinking about purchasing an Alfa

motorhome, or have just purchased one - asking about them. I do reassure them that there is still a lot of info available on Alfas, and I send them info on support organizations, Yahoo groups, our chapter, etc. It is great to see that Alfas are still popular (we've seen many motorhomes, but we don't believe any compare to our Alfas), as ours still have a number of valuable and often unique features!

We do have several upcoming events that should be fun and hope you are able to attend (beginning with the chapter pre-rally January 2014 in Palm Desert, CA) more details further in this newsletter. Please remember that guests and towables are invited to our pre-rally as well as the Western Area rally (and will be able to park with us there too). Also there are several Alfa owners chapters who are having activities in Quartzsite, AZ during the 'Big Tent' RV show, and there will also be the annual Alfa Owners rally in Casa Grande, AZ in April 2014. We would hope to see many of you at any or all of these activities too! During our January 2014 chapter pre-rally we will have our annual business meeting, at which we will discuss the need for chapter officer elections later in the year. Although it may seem like we just had chapter election (the latter part of 2012 and confirmed at our January 2013 business meeting), we do need to have a nominating committee, and then nominees for an election in late 2014, to be concluded at our January 2015 chapter business meeting (details on the process are in our chapter bylaws which are available on our chapter web site). If you are interested in serving on the nominating committee, or would like to volunteer

to be a candidate, please contact me. Terms are for two years - our chapter officer positions are: President, Vice-President, Secretary, Treasurer, National Director and Alternate National Director. To remind you, the primary duty of the National Director (or, if not available, the Alternate National Director) is to attend the FMCA annual family gathering(s), to attend the FMCA governing board meetings and act/vote on behalf of the chapter. There is some reimbursement available for travel expenses (per our chapter bylaws and standing rules), and a provision if either are not able to attend, for us to have another member attend in their place. I would encourage any of our members to volunteer for either the nominating committee or to be a candidate for office in our chapter!

One final note, the Alfateers have been great friends to our AlfaSeeYas Chapters, helping many of our members and supporting our activities. Our Chapter Executive Board voted unanimously to donate \$200 from our Chapter to the 'Richard Olivas Family Fund'.

As always, please feel free to contact me to suggest chapter event sites, and especially if you would like to volunteer to be a wagon master. It is fun, and we are able to provide help. Also it is very rewarding! Hope to see you at an upcoming event!

~~ Randy

The summer went by so fast that by the time I started thinking about the newsletter it was already the end of September.

I sure hope you all had a great summer and you got to do some fun things.

Maybe even traveled a little exploring this great country of ours. We don't go far in the summer, however we did take a few small trips with friends in Oregon. Also, we were Wagon Masters for the South Loafers Group. Most of them are from AZ, NV, & Southern CA., so they enjoy coming to Oregon in the summer. It was a beautiful park in the mountains called 'Belknap Hot Springs'. In the evenings the hot pools felt so goood on our aching bodies.

So now that fall is here, most everyone is probably thinking of a warmer place to go for the winter. *When we head east, we leave in September.* But this year we are returning to Arizona.....Quartzite, Yuma, Phoenix, and Tucson. We end up leaving OR in December. In March we are going on the 'Baja Whale Watching Tour (page 19). We know some people that went last year and said it was a GREAT TIME !!! And one couple said they are going again in 2014. It would be great if some of you signed up for the Tour in 2014 and came along. But hurry, they need to fill the spots soon or it will be cancelled.

Don't forget the Annual Alfa Owners Rally in April, in Casa Grande, AZ. (last 4 pages). If you have never been you really should go. It's lots of fun and so much camaraderie. And, you will get to meet me, if you haven't already. ☺

This will be my last newsletter for 2013 (only because this one is so late). I know it is early but I want all of you to have a wonderful 'Holiday Season' starting with Thanksgiving going thru New Year's.

Keep having fun and be safe.

Happy Trails ~~

~~ Jean

Dear AlfaSeeYas Chapter

On behalf of Family Motor Coach Association I would like to congratulate the members of the AlfaSeeYas Chapter on your tenth anniversary.

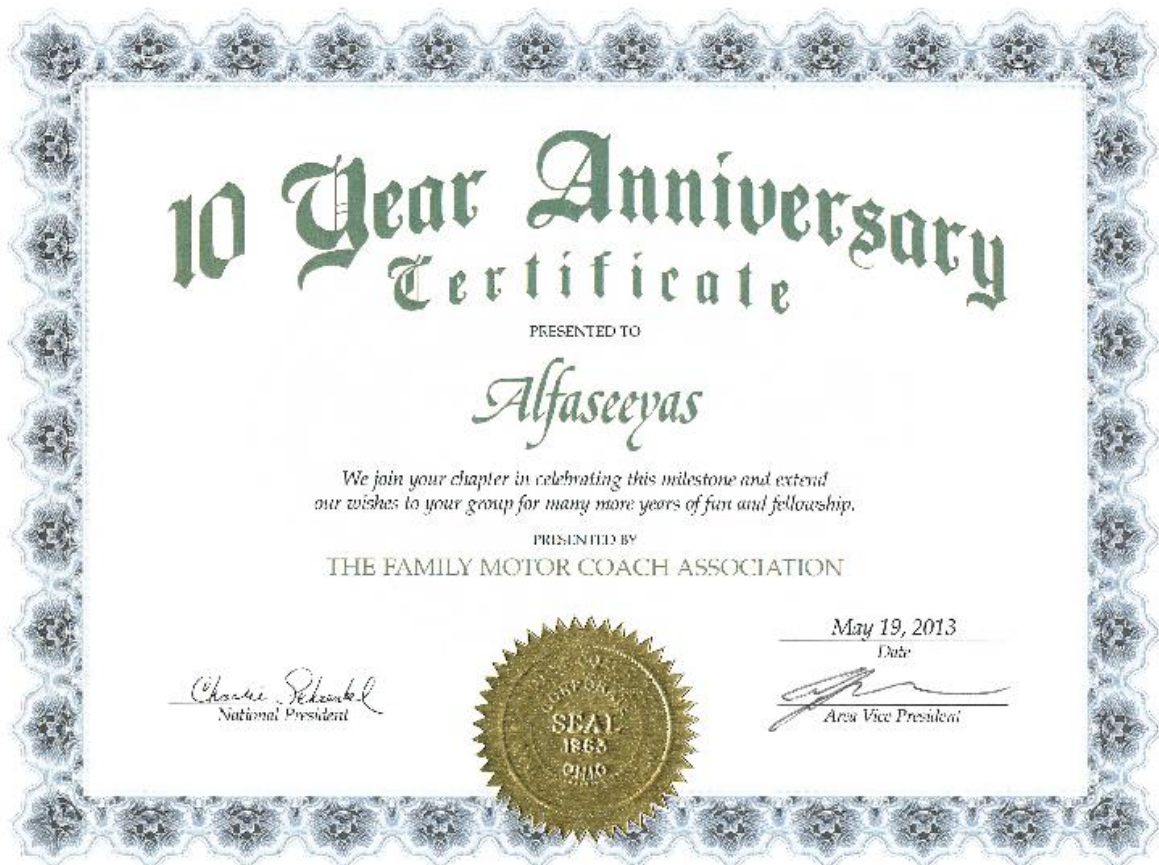

Chapters are a very critical part of the Family Motor Coach Association. They are the foundation and the basis for our governance structure. However, a chapter's most important function is to create an environment where fellow motorhome owners gather together in fun and fellowship to enhance their experience as an FMCA member.

Participating in a chapter enriches our membership and strengthens the bonds that develop among us. Keeping a chapter active over a period of time involves all the members working together for the good of the chapter, and we wish to recognize and pay tribute to the time and talent contributed by your members that has led to your success.

Please accept my sincere congratulations as you celebrate your tenth anniversary. We extend our best wishes for many more years of fun and camaraderie.

Best regards,

Charlie Schrenkel, National President Family Motor Coach Association

A warm welcome to our newest AlfaSeeYas members. To paraphrase, Sonny Gillespie, President of our FMCA association, the International Area Organization (aka INTO): *"The most important member of the AlfaSeeYas is the newest member"* Thanks so much for joining us!

## FORDS RV TRAINING &amp; SERVICE

Free Do It Yourself Money Saving Videos for RV Owners

FRVTS in Benton, KY has just launched it's second video on money saving DIY tips, on the RV refrigerator. This series of videos is geared to help the RV owner troubleshoot and make minor repairs. At the very least, we would like to help them determine if their technicians are truly qualified to make an analysis of the problems and successfully do the repairs. Our goal is to help them get repairs with the least amount of cost and receive the best warranty. These videos are at YouTube so there is no cost. We encourage you to share this valuable information with your RV friends and encourage them to subscribe so they will be notified as each new video becomes available. Once we have completed the RV refrigerator, we will create how to videos for the other RV appliances. If anyone has questions about their refrigerator, they can make a comment on the video and it will be addressed to them personally on a subsequent video. Roger D. ## Only In America

Only in America...can a pizza get to your house faster than an ambulance...

Only in America...are there handicap parking places in front of a skating rink...

Only in America...do we award someone \$3,000,000 for spilling hot coffee in their own lap...

Only in America...do we have labels on baby strollers to remind people to remove the baby before folding the stroller...

Only in America...do drugstores make the sick walk all the way to the back of the store to get their prescriptions...

Only in America...do people order double cheese burgers, large fries and a DIET Coke...

Only in America...do banks leave all the doors open and then chain the pens to the counter...

Only in America...do we leave cars worth thousands of dollars in the driveway and leave useless junk in the garage...

Only in America...do we use answering machines to screen calls and then have call waiting so we won't miss a call from someone we didn't want to talk to in the first place...

## Dissatisfied Customers

These are actual complaints received by 'Thomas Cook Vacations'

1. "We booked an excursion to a water park but no-one told us we had to bring our own swimsuits and towels. We assumed it would be included in the price."
2. "The beach was too sandy. We had to clean everything when we returned to our room."
3. "It took us nine hours to fly home from Jamaica to England. It took the Americans only three hours to get home. This seems unfair."
4. "There were too many Spanish people there. The receptionist spoke Spanish & the food was Spanish. No one told us that there would be so many foreigners."

## RIP Richard A. Olivas

It is with great sadness that I must inform everyone that Richard, Alfateer's beloved Vice-President passed away early Sunday morning on July 14<sup>th</sup> of a massive heart attack.

Richard leaves behind his wife Teri, his two sons Ricky & Erik, and his four brothers Raymond, Leo, Joe & Andy. He also leaves behind all his friends, his business partner/bestfriend Jon & his co-workers/family at Alfateers.

There really is nothing that we can say or do, that will bring Richard back. Richard brought so much happiness, sarcasm, practical jokes, and love into the daily routine at Alfateers it can never be replaced and will never be forgotten. He had a hard shell but was soft on the inside and was the first to help someone truly in need. He was always the first one to show up, give Scooby a bag of gold fish from the vending machine and get the morning coffee ready to start the day. I can tell you that he loved to fish, food with extra cheese, and his favorite candy was Snickers. He practically ate one every day, sometimes for breakfast. Richard had so many nicknames, back at Alfa they called him Bulldog, and at Alfateers he would love to say his name was Tony Montana from the movie Scarface, and he would always quote "When was the last time you saw a bad guy like me"

Unfortunately, Richard & his family were planning a trip to Hawaii this year in mid July before Ricky graduated high school next year. Richard wanted his son to see Pearl Harbor before he joins the service like his father. We are very sad to know he never got the opportunity to take him there. Our hearts are truly in pain for this tragic and unexpected loss, and our thoughts and prayers go out to his family.

We will miss him forever.

## FMCA 50<sup>th</sup> Celebration in Gillette, Wyoming

By Mike Lynch

ALFA SeeYas were well represented at the FMCA's 50<sup>th</sup> Celebration. Five coaches met in Buffalo, Wyoming: Randy & Terry Scott, Mike & Kathleen Stinson, Ken & Ellen Hall, Marvin & Marian Grier, and Lorraine & I. We caravanned to Gillette where we met up with Randy & Debbie Sherrow, Charlie & Donna Musgrave, Joe Stravisch and his fiancé Jayne. In addition, we had a Happy Hour with free pizza where 42 ALFA owners gathered to socialize and talk about our coaches. We recruited 6 new members and one renewal. We even had entertainment as we watched a 40' diesel get stuck in the mud and then get towed out. Did I mention it RAINED while we were there?

Now to business: FMCA recruits 800 new memberships a month. Unfortunately, the rate of memberships dropping off the rolls due to lifestyle changes has outpaced the number of renewals and new members. From October 2012 to June of this year, the membership has decreased 4235 members. We presently have 79,303 members. At last year's Governing Board meeting, the Executive Board tasked the national office staff with identifying \$1.2 million in expenses that could be reduced over the next 12 months. This effort has resulted in FMCA actually experiencing a positive fiscal year in 2012 and so far in 2013. No money has been withdrawn from FMCA investments since November 2011. The Board approved a budget for 2014 that shows a projected surplus. The staff has been cut to 37 full time, 4 permanent part-time employees and two temporary fulltime employees to implement transition to a new computer system. The biggest debate concerned, going back to 2

conventions a year and where they should be. It is interesting what determines a suitable location: first, hotel rooms in the vicinity for 1500 vendors, second, parking and facilities, and finally state laws that allow RV dealers from out of state to sell motor homes. Most states have laws, intended for car dealers that prohibit out of state dealers from selling vehicles. To get enough different kinds of motor homes, there were dealers from many states at Gillette. Next year there will be a winter convention in Perry, Georgia and a summer one in Redmond, Oregon.

The final event was election of National Officers. The new National President is Charles Adcock, Senior Vice President is Jon Walker, National Secretary continues to be Vicky Ferrari and National Treasurer will be Percy Bell. Like any change of officers, they have great plans to improve things.

BENEFITS for you: More than 4000 members have benefited from the Michelin Advantage tire program since its inception. If you need tires, check it out. Fantasy Tours offers a discount for FMCA members. Another benefit comes from being a member of the FREIGHTLINER Club. There is still a connection between Freightliner, owned by Mercedes, and Chrysler which results in very good prices on Jeeps. If you intend to buy a new Jeep, and are a member of the Freightliner Chassis Club, you can get a purchase number from Steve Bartorson, President of the Club, to give to the dealer. His e-mail is: [president@fcocrv.org](mailto:president@fcocrv.org), phone numbers: 520-682-8661 or 520-444-6772. Kelly Auto Parts also gives discounts to Freightliner Chassis Club Members. It was a good Celebration and the Governing Board believes FMCA is well positioned for the future.

### Helpful Hint

We recently had a problem with the 'big slide' on our 2004 Alfa See Ya that I wanted to share with you. We had a problem in extending it and then retracting it - and happened to be about 100 miles from Charlie's Service in Sunset, Utah. We had it converted to a center drive with the Klauber motor several years ago. Charlie's folks found that the bolts holding in the motor were loose, and caused the front shear pin to break. They were able to fix and adjust the slide, and it has worked fine since. After relating this to Mike Lynch, he checked his and found the motor bolts loose also. Therefore, I'd suggest if you have had the 'big slide' center drive conversion done, check (or have someone check for you) the bolts holding in the motor to make sure they are tight.

## Dear Governing Board Delegates and Chapter Presidents

The vote is in, and it is official - thanks to everyone's deep and continuing support, Jon and I have both been elected. You can't imagine how much we appreciate your vote, in believing in us both, and in working so hard to see that we got elected to serve the organization.

Reaching this goal is not an end - but is rather a beginning - wherein we now must all work together in making FMCA more fun, more successful, and the type of organization that everyone wants to join and become active in.

We must strive to enlist the support of each and every member, gathering their input and ideas, in an effort to improve our organization.

Working as a team and collecting input from all is truly better than making decisions single handedly on the spur of the moment. Our plan is to lead the Association forward using good business principles. We are committed to stopping the membership loss. We have a plan. Please come and join our Team as we strive to improve FMCA for all of us. We need everyone's support and contributions, we're here to listen and work hard to make this happen.

**Remember, "It's all about having FUN"**

Thanks again for your support -

Now, let's roll up our sleeves and get to work !!!

## GOLFERS

At present, the Resort has not arranged a golf outing. However, in the event that they do, would you be interested in participating? If so, please respond "yes" to the question on the registration form and indicate how many would play. As soon as we get information about the golf outing (assuming they do set something up), we will get the particulars out to everyone who has indicated an interest. Worse case, you could ask the concierge at the Resort to set up individual tee times at one of the many local courses.

### Information for the Pre-Rally

**For those going to the FMCA Rally after the Pre-Rally, and want to park with the Chapter, you must register for the FMCA Western Area Rally separately on-line or by snail mail, AND must select the "GENERAL PARKING WITH ELECTRIC" parking option and specify that you will be arriving with a scheduled caravan (Alfa SeeYas). If you did not select and pay for that option, you will be parked in the area that you selected and not with the Chapter.**

**Those that are going to the FMCA Rally should arrive at the RV Resort with enough propane to cook, heat water, and heat your rig during the FMCA Rally.** If you arrived at the Resort without sufficient propane, please go to the Registration Office and ask when the propane truck will be at the Resort. We will have electric at the FMCA Rally, but it will be a max of 30 amp service and at the end of a long line of other users. Therefore, you will need to maximize the use of your propane water heater, propane stove/oven, and furnace, and minimize the use of electrical devices such as your microwave/convection oven, hair dryers, air conditioner, etc. If at all possible, do not use your air conditioner as the temperatures should be mild. Instead, open windows and vents, and use your window shades and screens, etc. Remember, if you lose power from overloading the circuit, so did a bunch of other folks who will not be happy campers. Additionally, you will need to dump your grey and black holding tanks and fill your fresh water tank while you are at the Resort, preferably on Monday before we depart on Tuesday for the fairgrounds.

**For those that are going to the FMCA Rally after our Pre-Rally, we will be caravanning to the Fairgrounds a day ahead of the official start of the Rally; therefore, your wagon master will be collecting \$20 per rig Saturday morning for the extra day of parking at the Fairgrounds. We prefer cash since the Fairgrounds requires cash.**

**FRIDAY: ARIVAL DAY:** Larry and Dale will greet you as you enter Emerald Desert RV Resort, assign and escort you to a site, and give you a welcome packet containing lots of information and stuff. After you get set up, please take a few minutes and review the materials in the packet. (There will be a test later - just kidding! ☺).

**Social Hour and Dinner.** We will meet in the Main Hall at 5 PM for social hour (BYOB) followed by a catered "Boot Scoot'n" BBQ dinner at 6 PM followed by music and dancing. If you are so inclined, wear your boots, and western duds. Please bring the appropriate meal ticket.

## SAFETY HINT

### What To Bring To Bed With You

Tell your spouse, your children, your neighbors, your parents, your Dr's office, the check-out girl at the market, everyone you run across. **Put your car keys beside your bed at night !!!**

If you hear a noise outside your home or someone trying to get in your house, just press the panic button for your car. The alarm will be set off, and the horn will continue to sound until either you turn it off or the car battery dies.

This tip came from a neighborhood watch coordinator. Next time you come home for the night and you start to put your keys away, think of this: It's a security alarm system that you probably already have and requires no installation. Test it. It will go off from most everywhere inside your house and will keep honking until you reset it with the button on the key fob. It works if you park in your driveway or garage.

If your car alarm goes off when someone is trying to break into your house, odds are the burglar/rapist won't stick around. After a few seconds, all the neighbors will be looking out their windows to see who is out there and sure enough the criminal won't want that. And remember to carry your keys while walking to your car in a parking lot. The alarm can work the same way there.

The same could be useful for any emergency, such as a heart attack, where you can't reach a phone. Someone suggested to carry the car keys with them in case they fall outside and they can't be heard. They could activate the car alarm and then someone (hopefully) knows there is a problem.

#### Chinese Wedding Night

A young Chinese couple gets married. They met when she came to work in his Chinese Restaurant.

She's a virgin. Truth be told, he is a virgin too, but she doesn't know that.

On their wedding night, she covers naked under the sheets as her husband undresses in the darkness.

He climbs into bed next to her and tries to be reassuring. "My darring", he whispers, "I know dis you firss time and you berry flighten. I promise you, I give you anyting you want, I do anyting, juss anyting you want. You juss ask. Whatchu want?" he says, trying to sound experienced and worldly, which he hopes will impress her.

A thoughtful silence follows and he waits patiently (and eagerly) for her request. She eventually, shyly whispers back, "I want to try something I have hear about from odder girls...numbaa 69" More thoughtful silence from him.

Eventually, in a puzzled tone he asks her.....

"You want...Garlic Chicken wif Snow Pea??????"
