Any service work performed at the rally will be offered at a **DISCOUNTED LABOR RATE**.

All requests will be evaluated in comparison to time, number of requests, and parts availability. This will help maximize the number of repairs that can be performed at the rally.

Due to circumstances beyond our control, a timetable of when we will be at your specific coach **CANNOT** be given. Some jobs may require a little more time. Please **DO NOT** wait for us, enjoy the rally and have some fun. We will get to each and every coach, if you are not at your coach when we get there, we will be back before we work on extra items on other coaches.

You each are equally important to us here at Leisure Coachworks. We need to provide service to everyone at the rally, so please do not approach the technicians while they are working on another customer's coach. If you need to speak to someone, please see one of the Service Advisors who will be present.

Some items **CANNOT** be performed at the rally. Writing it down on this form does not mean we will repair it at the rally. We will review all requests prior to the rally, and we will attempt to contact each customer who submits a request to verify the repairs and if they can be completed.
